Last Ten Yards — Instagram posts

15 posts. Post 1 is Kristin's. Every post carries #LastTenYards first, then the whole Tesla + SpaceX line.

- Odd slides: real photo, headline, one line.
- Even slides: graphic-novel panel (ink lines, posterized, one accent colorway per post) + "Joshua says: Think, with compassion, about X. Do it differently — with Y, or with Z."
- Faces in crowds are blurred. Every photo is free to use (CC0, public domain, or CC BY / BY-SA) and credited on the slide and in the caption.
