The Traveler's Guide: Nursing State and Owner's County

- Subtitle: A framework you build yourself.

- Keywords (7): nursing career change · financial literacy for working parents · open your own salon · hairstylist to nurse · community college nursing · personal framework · one small step

Not a plan to follow — a way to build your own. Financial literacy as a ladder, not a bet, with the arithmetic printed. Your own salon by your house, and what to bank before you spend a dollar. Getting around without owning the car. The marked road into nursing, one rung at a time, with this week's three phone calls. And five questions that survive the month the plan breaks. Information, not advice.

Order of upload

1. Create the KDP account under the identity that signs (Joshua's, not the CV address, never the institutional one) — your hand; account creation and tax interview are yours.
2. Upload in this order: ITSM · CSM · Skill Kit · Genesys · Integration · Traveler's Guide.
3. For each: paste title/subtitle/author/series, description, 7 keywords, 2 categories; upload DOCX; upload cover; preview; price \$0.99 / 35%; publish. Review takes up to 72 hours.
4. Amazon does not sell a bare PDF. The PDFs in 00_MIND/PDF/ are for Drive and direct sale (the Whop pattern); the DOCX is what KDP renders.
