Next steps — 2026-09-15

One folder per step, in order. Each holds exactly the artifact that step uses. Empty folder = the step is entirely in your hands with nothing to carry.

Step	Artifact	Note
01 Submit the two applications	Lindquist_Erik_RESUME_Principal_AI_Product_Manager_Decision_Intelligence.pdf · Lindquist_Erik_CV_Principal_AI_Product_Manager_Decision_Intelligence.pdf · Lindquist_Erik_RESUME_Principal_Software_Product_Manager_ServiceNow.pdf · Lindquist_Erik_CV_Principal_Software_Product_Manager_ServiceNow.pdf	P→I. Four PDFs, two per role. Register entry prepared; it closes when you submit.
02 Drive and boss	Joshua_Says_V1_2026-09-15_PDF.zip	PDF-only zip for Drive. To your boss: the five Armored PDFs inside it, not the Traveler’s Guide.
03 KDP upload	Joshua_Says_V1_2026-09-15_KDP_kit.zip · KDP_LISTING_SHEET.md	DOCX manuscripts, six covers, the listing sheet. Under Joshua’s identity. \$0.99 · 35%.
04 Port v3 delta to Zone I agents	Working_Discipline_and_Context_Porting_v3_delta.md	P→I. Append-only on the end of the v2 each agent holds — Kiro steering file, Rovo, the Copilot Working Discipline Agent. Register entry prepared.
05 Disconnect thirteen connectors	—	Your claude.ai connector settings. Asana · Atlassian · Figma · Intercom · Linear · Notion · Slack · Amplitude (+EU) · ClickUp · Fireflies · Monday · Pendo · Similarweb. Pinned 09-11.
06 C213 Armored Drill	C213_Armored_Drill.pdf	On paper. Return score, sure/unsure per item, mold tally.
