Step	Artifact	What it is
01 Read the state document	UHSO_FY24_..._extract.md	Ten minutes. It moved the first county from Wendover to Salt Lake
02 Pull the closing-time numbers	QUERY_SPEC.md	The baseline row of the measurement contract — county × year × window
03 Bars by county	CHECKLIST.md	The public licence list → clusters; clusters size the fleet
04 One question to the state	EMAIL_DRAFT.md	Which dataset and definition they'd accept as the number. Your send
05 The depot's three numbers	DEPOT_..._Midvale.md	Roof area · garage bays · service capacity — before any quote
06 Read post 1, write the one line	01_the_last_ten_yards.html · CHANNEL_PLAN.md	The origin line is yours or absent. Then the lake: data or water
07 Still open from 09-15	README.md	Pointer
09 Set up the nonprofit	NONPROFIT_CHECKLIST.md	Ten steps; \$59 to exist, \$275 or \$600 to apply; the asset test decides EZ vs full; Andrea's money as a loan to the board she sits on
08 Finance the depot	FINANCING_BRIEF.md	504 wants a for-profit occupant at 51%; a nonprofit cannot use it. Two calls decide the shape: a Utah CDC, a Utah CDFI. Then the seller
