

QUERY_SPEC

Query spec — Salt Lake County, closing time, three years

Source: Utah’s public crash data (Utah DPS / UDOT crash portal; FARS for fatal only). Public; no login.

Filter	Value
County	Salt Lake (then Tooele for the rural proof)
Years	last three complete years
Days	Friday, Saturday, Sunday
Hours	00:00–03:00 (closing window; the state’s own peak runs 18:00–01:00 — pull both)
Alcohol flag	driver alcohol-involved (any positive), and $\geq .05$ separately
Outputs	crashes · injury crashes · fatal crashes · DUI arrests (from the Commission on Criminal and Juvenile Justice, by county)

Deliverable: one table, county × year × window. This is the *baseline* row of the measurement contract. Save it here as `baseline.csv`.
