Packet 9 of 9 — The Survey — A Method for Bounded Work

The architecture abstracted from any particular life: zones and plots, the lock, abutments, the radial readout and its addressing, terms located rather than defined, and the rules of the record. **Distinct from packet 1** — the Atlas is autobiographical; this is the method with the biography removed.

The four things that change on this form

Space	Write exactly this
1 Title of this work	The Survey — A Method for Bounded Work
2 Nature of authorship	Text, selection, coordination, and arrangement.
6a Preexisting material	Text generated by artificial intelligence.
6b Material added	The method, its sequence and rules, and the selection, coordination, and arrangement of the text, by the author.

Everything else is the same as the other eight — author, No to work-for-hire, United States, No and No, **2026** in 3a, **3b blank**, claimant, **No** in Space 5, contact details, tick author, sign in ink, date.
